A live and archived webcast of the presentation will be available in the "Investor Relations" section of the Ceribell website at <https://investors.ceribell.com/>.

About CeriBell, Inc.

Ceribell is a medical technology company focused on transforming the diagnosis and management of patients with serious neurological conditions. Ceribell has developed the Ceribell System, a novel, point-of-care electroencephalography ("EEG") platform specifically designed to address the unmet needs of patients in the acute-care setting. By combining proprietary, highly portable, and rapidly deployable hardware with sophisticated artificial intelligence ("AI")-powered algorithms, the Ceribell System enables rapid diagnosis and continuous monitoring of patients with neurological conditions. The Ceribell System is FDA-cleared for use in detecting seizure and delirium in intensive care units and emergency rooms across the U.S. Ceribell is headquartered in Sunnyvale, California.
